### **FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

## **Background**

1. 28 Texas Administrative Code §133.307, effective June 1, 2012 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets the reimbursement guidelines for the disputed service.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
  - 18-Duplicate claim/service.
  - U301-This item was previously submitted and reviewed with notification of decision issued to payor, provider (duplicate invoice).
  - X193-This is a duplicate bill.
4. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on October 23, 2014. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.

## **Issues**

1. Does the documentation support billing CPT code 99204?
2. Does the documentation support billing CPT code 95910?
3. Is the benefit for HCPCS code A4556 included in the benefit of another service billed on the disputed date? Is the requestor entitled to reimbursement for HCPCS code A4556?

## **Findings**

1. 28 Texas Administrative Code §134.203(a)(5) states "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

The American Medical Association Current Procedural Terminology (CPT) defines code 99204 as "Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A comprehensive history; A comprehensive examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 45 minutes are spent face-to-face with the patient and/or family."

A review of the submitted medical reports finds that the requestor did not document a comprehensive history, or medical decision making of moderate complexity; therefore, the requestor has not supported billing CPT code 99204. As a result, reimbursement is not recommended.

2. Based upon the *Table of Disputed Services*, the respondent paid \$55.30 for CPT code 95910. The requestor asserts that additional reimbursement of \$275.75 is due.

CPT code 95910 is defined as "Nerve conduction studies; 7-8 studies."

Per 28 Texas Administrative Code §134.203(c)(1)(2), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual

adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007.”

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Participating Amount = Maximum Allowable Reimbursement (MAR).

The 2014 DWC conversion factor for this service is 55.75.

The Medicare Conversion Factor is 35.8228

Review of Box 32 on the CMS-1500 the services were rendered in zip code 75247, which is located in Dallas, Texas. Therefore, the Medicare participating amount will be based on the reimbursement for “Dallas, Texas”.

The Medicare participating amount for CPT code 95910 is \$187.51.

Using the above formula, the Division finds the MAR is \$291.82. The respondent paid \$55.30. As a result, the Division finds the requestor is due \$236.52 additional reimbursement.

3. HCPCS Code A4556 is defined as “Electrodes (e.g., apnea monitor), per pair.”

Per Medicare guidelines, Transmittal B-03-020, effective February 28, 2003 if Durable Medical Equipment Prosthetics Orthotics and Supplies (DMEPOS) HCPCS codes are incidental to the physician service, it is not separately payable. A review of the submitted documentation does not support a separate service to support billing HCPCS code A4556. As a result, reimbursement is not recommended.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has established that reimbursement is due for the specified services. As a result, the amount ordered is \$236.52.

***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby **ORDERS** the respondent to remit to the requestor the amount of \$236.52 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
